

Every reason your child should try LAMDA.

LAMDA is so much more than acting.

Whether your child is a natural performer or someone who breaks into a cold sweat at the thought of speaking in front of others — **LAMDA is for them.** Our exams build the skills that matter most in every area of life: confidence, clarity, and the ability to connect.

Recognised by universities worldwide and valued by employers everywhere, a LAMDA qualification is an investment that pays dividends for life.

For the Performer

If your child loves to perform, LAMDA gives them the real **craft** to back up their talent:

- Expert guidance on voice, breath control and diction
- Textual analysis — understanding why a character speaks as they do
- The knowledge to discuss their work in the exam room
- Internationally recognised qualifications at every grade

LAMDA turns enthusiastic performers into **exceptional** ones.

"I never thought I'd be able to speak in front of people. Now I do it without even thinking about it."

— LAMDA student, age 14

Not an Actor? Think Again.

You don't need to dream of the West End to benefit enormously from LAMDA. Every child gains:

- Shy students find their voice — safely, at their own pace
- Academic students sharpen communication for interviews
- Students with anxiety learn to manage it — not just endure it
- Life tools that stay with them long after the exam

The most transformative results often come from students who thought LAMDA wasn't for them.

Six Skills LAMDA Builds — That Universities & Employers Value

1 Spoken Communication

Clear, confident speech — vital in interviews, presentations and daily life.

2 Listening & Empathy

LAMDA isn't just about speaking. Genuinely hearing others is equally central.

3 Emotional Intelligence

Understanding characters means understanding people — invaluable everywhere.

4 Critical Thinking

Analysing text and character builds the sharp mind every university wants.

5 Resilience & Confidence

Succeeding in an exam builds real self-belief that no classroom can replicate.

6 Creativity & Imagination

Storytelling and expression spark a creative mindset that enriches everything.

The LAMDA Journey — From First Lesson to Final Bow

1

Learn & Explore

Pieces chosen, characters built. Understanding the why behind every word.

2

Polish & Perform

First read-through to exam-ready. Delivery and emotional truth refined.

3

Sit & Shine

The exam: a celebration of everything achieved, with a visiting LAMDA examiner.

Up to 56 UCAS Tariff Points

From Grade 6 upwards, LAMDA grades are recognised by UCAS and earn Tariff points that count alongside A-levels. **Grade 6 Pass = 10 pts · Grade 8 Distinction = 56 pts.**

From the first lesson to the final bow

At Well Said we don't just prepare students for exams — we invest in them as individuals, nurturing the confidence and communication skills that last a lifetime. From the very first lesson to the moment they walk out of the exam room, your child is supported every step of the way.

We'd love them to experience it for themselves. connect@wellsaid.uk
